DAVENPORT HOTEL

Dublin, Ireland

The luxurious and traditional Davenport Hotel is located in the heart of Dublin at Merrion Square, close to Grafton Street. This unique building dates back to the early 17th century, originally a church, it was opened as a four-star hotel in 1993.

Decorated in classic shades of burgundy, mahogany and cream, Seán Doyle Painting Contractors provided painting and decorating services for the refurbishment of 120 fabulous bedrooms spread across 6 floors, an in-house restaurant, bar and fitness suite. This project required a very high standard of finish under tight deadlines and was carried out in the most efficient and discrete manner to ensure business as usual throughout.

Category: Hospitality
Date : 2018
Client : O'Callaghan Hotel Group
Location : Merrion Square

MIESIEN PLAZA

Dublin, Ireland

The 69m redevelopment of the iconic Miesien Plaza, formerly the Bank of Ireland headquarters, delivers over 200,000 sq.ft. of highest specification office space.

For us the project involved the application of high-end LEED compliant paint finishes as well as the instillation of smart wall whiteboard paint and upgrade works to the existing car park. We were contracted to carry out all painting and decoration services along with subsequent fit-out decorations including the BOI office.

Category: Commercial
Date : 2017 - 2018
Client : John Paul Construction
Location : Baggot Street

CAPITAL DOCK

Dublin, Ireland

One of the most prestigious locations to live and work in Dublin City Centre, this was our largest project in Ireland in 2018. Capital Dock is a visionary urban quarter that brings fresh cultural and commercial energy to the heart of Dublin Docklands.

This project included high-end painting and decorating services to 188 residential units, 3 blocks of commercial space as well as a specialist coating package involving all flooring works in commercial office spaces and pedestrian walkways, line making, bunding, the application of anti-carbonation protection for walls and ceilings and Sika Floor Coating Systems in all basement parking areas.

Category : Commercial & Residential

Date : Apr 2017 - Mar 2019

Client : SISK for Kennedy Wilson

Location : Sir Rogerson's Quay

6 HANOVER QUAY

Dublin, Ireland

6 Hanover Quay is a residential development, located in the South Dublin Docklands, offering a collection of exceptional 1, 2 & 3 bedroom apartments within luxurious surroundings. Designed by award-winning architecture, urban design and interior design practice McCauley Daye O'Connell, 6 Hanover Quay redefines urban life. From its striking curvilinear black & white façade to the elegant landscaped courtyard, resident's gym and fabulous rooftop gardens with panoramic views of the city.

We carried out all painting and decorating services including the application of Tekura specialist wall coverings to all lobby areas. A prestigious, and, flagship high density development by Cairn Homes, we're delighted to have been selected to deliver the decorating works to this development to a high standard within a very demanding timescale.

Category: Residential

Date : July 2018 – May 2019

Client : Cairn Home

Location : Grand Canal Dock

HEALTH & SAFETY

We recognise health and safety as fundamental and ensure compliance with the most up-to-date codes of practice, regulations and health and safety legislation. We have earned the reputation for delivering professional, safe, efficient and reliable painting services.

- Full public and employer's liability.
- Internal Safety Advisor and procedures.
- Safety accredited Site Personnel, Supervisors and Contract Managers.
- Safety induction prior to entering each site and regular quality checks throughout.
- Further safety training and assessment.
- Further training includes Work at Heights / Cherry Picker Ticket, Mobile Tower Ticket and Abrasive Wheel Training.
- Internal SSWP for painting works.

SUSTAINABILITY

We are committed to promoting sustainability to reduce the environmental impact of our activities and help our clients to do the same.

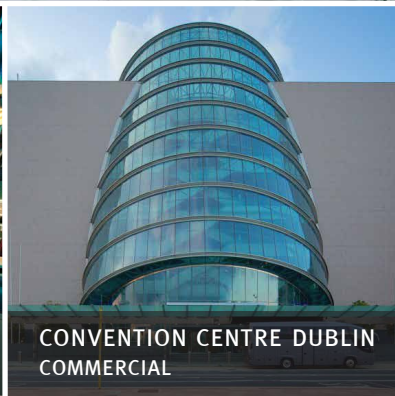

- Strong partnerships with supply chains and clients.
- Efforts to use reputable sustainability friendly companies and products.
- Recycle all possible materials and dispose of waste, water and solvents properly.
- Minimum waste with effective estimation of necessary materials for the job and donation of leftover paint to charity.
- Continuously educating staff in the best sustainable business practices, promoting sustainable development throughout our supply chain and within individual projects.
- Experience of BREEAM and LEED including all relevant certificates of compliance.
